Ceramic Art Workshop: Christmas Baubles

Ceramic Art Workshop: Christmas Baubles

Education Group's Ceramic Art Christmas Bauble Workshop enables every child in your school to design, decorate and take home their very own ceramic bauble.

Children learn about different materials and techniques and develop their imagination, which builds confidence and allows creative thinking. This workshop is aligned to targets within Key Stages One and Two of the Art and Design National Curriculum.

The workshop caters for between 50 and 200 children per day. Our artist sets up a mobile studio in your school and provides specialist, child-friendly materials.

"Parents commented on the high quality of their child's bauble. A great inclusive way of celebrating Christmas."

Children are able to work in advance on their design or impulsively put brush to bauble on the day.

Every child will produce a unique piece of colourful art to take pride of place in the family home every Christmas.

As this is an extremely popular seasonal workshop it is advisable to book early to avoid disappointment.
